11 I think this expenditure will have to be met out of the provision of Rs 31,200 made under 'Salaries Labour' in detailed account No. XXIX Industrial Works on page 23 of the Budget, under Mysore Silk Weaving Factory. If this be so, a big slice out of it will be taken away for this purpose and the Department will have to consider whether the balance would be sufficient for all its expected requirements. It is also not stated if the other Expert also will have to be paid similarly. If that be so, it will be a further charge against this provision in the Budget.

***Subject:—***

Continuance of the services of Mr. Votteler, Weaving Expert, for one more year on a higher salary.

21 Orders of His Highness were obtained on 15th September 1930 for installing a silk weaving demonstration plant as an adjunct to the Silk Filature at Mysore. In that connection the services of two Swiss experts were engaged on a pay of Rs 600/- per mensem each for work at the new plant, one for silk throwing and weaving, and, the other for dyeing and finishing. These appointsments were sanctioned for a period of one year in the first instance.

22 Mr. Votteler, the weaving expert, reported himself for duty on 14th August 1931 and his term of appointment expires on 13th August 1932. The Director reports that Mr. Votteler has given notice of his intention to resign his post on the expiry of his present term on account of the reduction of his salary, fixed in rupees, due to the depreciation of the Swiss franc-rupee exchange since the date of acceptance of the appointment by him. The Director states that it is desirable to retain the services of Mr. Votteler by offering him a higher salary in preference to engaging a new expert, and recommends that Mr. Votteler be given a consolidated pay of Rs 1,000/- per mensem during the period of the proposed extension of one year and that he may be given a second class passage from Zurich to Mysore for his future wife, and two second class passages from Mysore to Zurich on the termination of his services. These proposals which were discussed by the Director with me and the Dewan, are reasonable and may be approved. A draft Government Order sanctioning the proposals of the Director is submitted for the gracious approval of His Highness.

***Subject:—***

Continuance of the services of Mr. Louis Grangeon, Dyeing Expert, for one more year on a higher salary.

5 D Mr. Grangeon was appointed as Dyeing and Finishing Expert in the Silk Weaving Factory for a period of one year on Rs 600/- per mensem. The present period of employment of Mr. Grangeon expires on 6th November 1932. The Director of Industries and Commerce reports that Mr. Grangeon has given notice of his intended resignation at the end of the present period of sanction, but that he would be prepared to stay on for another year if he is given the pay and concessions sanctioned to the Weaving Expert Mr. Votteler in Government Order dated 10th August 1932. The Director recommends that the services of Mr. Grangeon may be extended by one more year and that he may be given a pay of Rs 1,000/- per mensem and two second class passages for himself and his wife after the termination of his services.

5-1 As Mr. Grangeon is doing good work and as it would be much costlier to import a fresh expert from France, it is proposed to sanction the recommendation of the Director. The extra expenditure is only for one year and it is necessary to incur it for training local people. The Dewan and the Second Member of Council are agreeable to the proposal.

5-2 A draft sanctioning the proposals of the Director is submitted for the gracious approval of His Highness.

3. As regards the two extra passages recommended for Mr Vottelar, strictly there is no justification for allowing it - Mr. Vottelar has however rendered very good Services and it is desirable to show him some special Consideration for it. OFFICE OF THE DIRECTOR,

*Dated, Bangalore,* 5th July, *1932*

FROM

N. RAMA RAO, Esq., B.A., B.L.,
*Director of Industries and Commerce in Mysore,*
*Bangalore, (India.)*

DEVELOPMENT SECTION 7 JUL 19

Seri 1-32-1

To

B.T. Kesaviengar, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

I have the honour to state that the period of 12 months, being the term of Mr. F.A. Votteler's engagement as Weaving Expert terminates on 15th August 1932. Under the conditions of his employment, the engagement is terminable at 3 months' previous notice. On 30th April 1932 Mr. Votteler gave me notice that he was "obliged to resign his post as Weaving Expert owing of the fact that the conditions of life and exchanges has changed considerably from 15th August 1931 till to-day" (Mr. Votteler's letter dated 30-4-1932).

I ascertained that this decision was due, not to any dis-satisfaction with the conditions of work, but entirely to the fact that owing to the fall in the value of the rupee his remuneration in Swiss money had suffered very appreciably, and that the conditions of life in Mysore were different from and more disadvantageous than he had been led to believe when he accepted his engagement. It is probable that the people who engaged him for us raised in him unauthorised expectations of free amenities such as lodging and conveyance, which of course were bound to be disappointed.

The salary of Rs.600/- on which Mr. Votteler was engaged was in August 1931 worth about 1150 Swiss franks. It has now dropped to 812 Swiss franks. Mr. Votteler has, in partnership with Mr. Grangeon, the Dyeing Expert, rented a house at Rs.125/- per mensem, and bought a car

car on which they are paying instalments.

4 There is yet another reason which influenced him to give notice terminating his engagement. He is thinking of marrying a lady to whom he is affianced in Europe, and since the terms of his present engagement do not admit of her coming to India for the marriage, he was anxious to return.

5 Mr. Votteler is a very capable and conscientious expert, and I am more than satisfied with the earnest and efficient manner in which he has applied himself to his duties. He has most valuable experience with Mysore Silk, and he knows how to get the best out of his workmen. His relations with his assistants has been cordial, and he is willing and ready to impart instruction.

6 Even if we were to import in his place an expert equally good and helpful, it would be some months before he could gain ~~the~~ requisite experience - we should in fact have sacrificed all the knowledge of local material and conditions that Mr. Votteler has acquired at our expense for a year - and unless the new man brings down his family and is paid a salary sufficient to enable him to settle down contentedly, he might also hanker to go home, so that we might soon have to face the same problem again.

7 I am, therefore, strongly of opinion that much the best course would be to allow to Mr. Votteler an improvement of terms sufficient to induce him to remain - sufficient to enable him to marry on and settle down contentedly.

8 In arriving at an idea of the revised terms, I have borne the following considerations in mind:-

9 Mr. Votteler has a resonable claim to a rise such as would restore his pay to the original level in Swiss franks. It would not do to leave in his mind soreness or discontent due to disappointment in expectations which Messrs. Bruunschweilers might - albeit unauthorisedly - have raised in him. If we let him go, we would have to pay a higher salary to another expert, and bear his (and probably his wife's and

and children's) passage both ways. We would be sacrificing Mr. Votteler's valuable experience, and we would be retarding the development of our Factories.

10 I discussed the question with the First Member and the Dewan, and with their approval, I had a conversation with Mr. Votteler, as the result of which, Mr. Votteler has agreed to an extension of his services for 12 months in the first instance, on the following terms:-

11 Mr. Votteler agrees to an extension of his engagement for twelve months in the first instance after the termination of the present period on the understanding that during the period of extension he is to receive a consolidated salary of Rs.1,000/- per mensem and that the following passages are paid to him -

1. A second class passage from Zurich to Mysore for his future wife.
2. Two second class passages back from Mysore to Zurich on the termination of Mr. Votteler's services in Mysore.

12 In all other respects, the conditions of the previous contract to be considered to be in force during this period also.

13 Mr. Votteler agrees to faithfully carry out the policy of the Department in respect of any future developments or extensions of the factory without claiming additional remuneration.

14 Mr. Votteler requests that to enable him to discharge his responsibilities more efficiently he might be given powers of purchase and sundry expenditure up to a limit of Rs.100/-.

15 I beg that you will be so good as to obtain the sanction of Government for the extension of Mr. Votteler's services on the above terms.

16 I submit herewith for favour of being returned after reference the following papers:-

1. Notes of discussion with Mr. Votteler.
2. Office note sheet.
3. Mr. Votteler's letter dated 30-4-1932.

DEVELOPMENT SECRETARIAT
30. AUG. 1932

To

D. Srinivasa Iyengar, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

I have the honor to state that the period of twelve months being the term of employment of Mr. Louis Grangeon as Dyeing Expert terminates on the 6th Novr. 1932. Under the conditions of employment, the engagement is terminable at three months' previous notice. Mr. Grangeon has sent me a notice stating that he desired his services to be terminated after the expiry of the present contract.

In my letter of the same No. dated the 29th July 1932 recommending an improvement in the terms of Mr. Votteler's contract (since graciously sanctioned by Government), I expressed the expectation that we might have to sanction a similar improvement in the case of Mr. Grangeon also. The present communication is therefore only what was expected. Mr. Grangeon has explained to me that due to the fall in exchange and the conditions of life in India, his present emoluments are not enough and that that was the only reason for his wishing to terminate his services. He is willing to remain for a year more on the following terms -

1. Salary of Rs 1,000/- per mensem
2. Two second class passages from Mysore to Lyons (for himself and Madame Grangeon respectively) after the termination of his services.
3. Powers of purchase and sundry expenditure upto Rs 100/- at a time.
4. He agrees to carry out faithfully the policy of the Department in respect of all future developments of the Factory without claiming additional remuneration.
5. In all other matters, the previous agreement is to be operative.

I have the honor to state that the services of Mr. Grangeon may be continued on the altered conditions for a year more as it is very important that the work in the Dyeing Section, for which he is made responsible, should not be impeded by the absence of an expert at this juncture. It will be very much costlier for us to import a fresh expert from France and a dislocation of the work would cost us a considerable loss. Mr. Grangeon is good at his work, and has rendered satisfactory services.

I request the very early orders of Government in the matter.

I have the honor to be,
Sir,
Your most obedient servant,

N Ramon Roy

SIR,

With reference to G.O.No. D. 1952-8/Seri.1-32-7 dated 8-11-1832 enquiring what extra amount would be required during the current year to meet the enhanced salary of the Experts attached to the Silk Weaving Factory at Mysore, I have the honour to state that the additional sum required in this connection this year is Rs 7,365/- as per details given below:-

| | | |
|---|---|---|
| Amount required for the salary of the experts at the increased rate | | Rs21,765/- |
| 1.Mr.Votteler's pay, Weaving Expert from July 1932 to 14th August '32 at Rs 600/-and at Rs1,000/-for the rest of the year. | Rs 11,432/- | |
| 2.Mr.Grangeon's pay, Dyeing Expert from July 1932 to 6th Novr.1932 at Rs 600/- and at Rs 1,000/- for the rest of the year | Rs 10,333 | |
| Amount provided at the former rate of Rs 600/- each for the entire year | | Rs14,400/- |
| Additional sum required:- | | Rs 7,365/- |

In accordance with the orders of Government communicated to me in your letter No. D. 6084/Seri.87-31-2 dated 27/30-5-1932 provision had been made for the pay of the two Experts, at the rate of Rs 600/- each, under the Revised Estimates of the Silk Weaving Factory for the current year. (Vide details under XXIX Industrial Works 7 Mysore Silk Weaving Factory, Salaries and Labour in the current year's Budget). The enhanced pay of the Experts is also being met from the Revenue Account and debited to the same head.

The effect of charging the entire pay of the Experts to the Working Capital of the Factory is that a portion of the salary which could not be met from the realisations of the Factory is being shown in accounts as loss. I shall separately address Government for the writing off of this loss soon after the final accounts of the Silk Weaving Factory for the half year ending with December 1932

SIR,

*I have the honor to state that the period of employment of Mr. F. K. Votteler as Weaving Expert terminates on the 13th Augt. 1933 and that of Mr. Grangeon, Dyeing Expert, terminates on the 5th Novr. 1933.*

*It will be unnecessary to extend the services of Mr. Grangeon beyond the present terms since the stipendiaries under training in the Dyeing Section and the Demonstrators of the Industries and Com-merce Department who have also passed through a course there in addition to qualifications obtained at Cawnpore, will be quite able to continue the work of the Dyeing Section. We will have a number of men to select from.*

*The case of Mr. Votteler is slightly different. He has brought the Weaving Factory to a very efficient condition and since we are thinking of expanding the factory by the addition of more looms - which involves a re-adjustment of the preparatory and the weaving sections, a re-erection of the preparatory plant and the training of additional men, I should very much like to continue Mr. Votteler's services - for another term of 12 months. But this unfortunately does not seem possible. In an interview which I had with Mr. Votteler at Mysore on the 27th Jany. 1933, he discussed the future of the factory quite frankly with me. I enclose a copy of the note which I prepared then and there embodying the result of our discussions. The position so far as Mr. Votteler is concerned, is that it is necessary for him to go home and the most that he can consent to is an extension of*

of his present engagement till the 5th Novr. 1933 so that it may be co-terminous with that of Mr. Grangeon. The only condition on which he could be persuaded to remain for a longer period would be to allow him two months' leave and two passages to enable him to go home to marry and bring his wife with him; but since in any case he could not remain for a longer period he frankly admits that this arrangement would not be worthwhile. I must say that I was greatly struck with the straightforwardness and sincerety of Mr. Votteler during this interview. In case Mr. Votteler is retained till the 5th Novr. 1933, he undertakes to train one of the men working with him to take his place in the factory. He thinks that the men under him, if carefully instructed in the part that they would have to fill, are quite capable of running the factory successfully. Mr. Votteler also promises to co-operate with us even after his return homein the development of our work, by selecting machinery, giving us expert advice and keeping us informed of upto-date developments in weaving. One of the conditions of his current term is that two Second-Class passages should be given to him for his intended wife's journey to India and back home. He requests that these two passages might be sanctioned to him in any case; and I think this is only fair since whatever the purposes the passages were for, they were in effect, money granted to him in return for his services. I request that Government may be pleased to sanction the extension of Mr. Votteler's services till the 5th Novr. 1933 and the grant to him of three passages on the termination of his period (2 of these being the passages sanctioned to his wife).

Serial 1-32-2 D. Jones (2).

I may add that during this period, Mr. Votteler will not only train the man selected by him for filling his place ~~subsequently~~ ultimately, but will also attend to the erection of the additional plant ordered for the expansion of the Factory and the readjustment of work.

I have the honor to be,

Interview with Mr. Votteler.

Is satisfied with his engagement but thinks that it would be disadvatageous to him and to Government to continue it for another year.

It would be necessary for him to go home, and bring his wife to India; this would mean 2 passages more for himself and 3 months' absence from work. He is too poor to bear the cost, and he frankly thinks it not worth Government's while to bear it. In the alternative he proposes to remain here on the same terms till the end of Mr. Grangeon's engagement, viz., 5th Novermber, and train one of the two men working with him (he prefers Jaya Rao) to continue his work. He is not prepared to stay beyond Grangeon's term, because he would be put to great difficulty for food, that obtainable in hotels here having been found to disagree with him.

In case Government wish to retain him till beginning of November (his present engagement ends on 15th August) he is prepared to remain. He will also co-operate with us, in selecting machinery, giving us expert advise, and keeping us informed of up-to-date developments in weaving after his return home.

He requests that the passages sanctioned to him for his future wife may in any case be paid to him.

TO

S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

With reference to G. O. No. D. 1952-3/Seri 1-32-7 dated the 8th November 1932 ordering among other things that necessary pro-vision might be made in the next year's budget to meet the enhanced salary of the Experts and their return passage, I have the honor to state that provision for their pay during the next year will be made in the Revenue Estimates of the Factory as in this year. The terms of the Weaving and Dyeing Experts, as at present sanctioned, extend upto the 14th August and 5th November 1933, respectively. I have since submitted recommendations that Mr. Votteler's services may be extended upto 5th Novr. 1933(Vide my letter of the same No. dated the 3rd Febry. 1933).

The amount required to be paid to the Experts for their return passage and gratuities for services rendered by them these two years as per agreement will be as follows -

| | | |
|---|---|---|
| i) 2 Second class passages to each of the two Experts as per G. O. Nos. D. 632-3/Seri. 1-32-2 dated the 10th Augt. 1932 and D. 1952-3 Seri. 1-32-3 dated the 8th Novr. 1932 - (Four Second Class passages at Rs 1,100/- each) .... | Rs | 4,400 |
| ii) Gratuity of two month's pay for each of the Experts at the rate of one month's pay for each year of service as per Clause 3 (b) of the agreement - Rs 1,600/- for each Expert ...Rs | | 3,200 |
| iii) Two-thirds of pay for the period of the return journey at the rate of Rs 666-10-8 for each or Rs 1,333-5-4 | | 1,334 |
| iv) Incidental Expenses at the rate of Rs 150/- each | | 300 |
| | Rs | 9,234 |

or Rs 9,300/-

Gratuity of two months' pay will have to be paid to the two Experts at the end of their present term of employment, as per agreement, as they have not taken any leave. For the forward journey ~~from~~ Mysore ~~to~~ Switzerland they were paid two-thirds salary for the period covered by journey and also incidental expenses amounting to about Rs 400/-. For their return journey, I have obtained their consent to accept only a sum of £ 12/- or Rs 150/- each for incidental expenses in addition to the two-third salary. The two-third salary that they get for the return journey

journey will be Rs 666-10-8 each as their pay at the time they leave service will be Rs 1,000/- per month. The existing agreement with the Experts is not clear on the question of allowing them two-third salary for the period covered for the return journey, but it is necessary to allow this sum to enable them to meet from out of this sum their out-of-pocket expenses during travel.

In addition to the sum of Rs 9,300/- mentioned above, a sum of about Rs 1,100/- may have to be provided for meeting the three passages which have been recommended to Mr. Votteler and which had been originally sanctioned to him in G. O. dated the 10th August 1932 in view of the probability of his intended wife coming down to India. The total expenditure involved in this connection amounting to Rs 10,400/- as per details shown above will have to be provided under the experimental grants of the Industries and Commerce Department for the next year as it will be too heavy a burden on the Silk Weaving Factory if they have to be met from the factory funds.

I request that the orders of Government may be kindly obtained on the above proposals.

I have the honor to be,
Sir,
Your most obedient servant,

Director.

Correspondence ending with letter No.D.4-1190-33 dated 9th February 1933 from the Director of Industries and Commerce in Mysore stating that provision for the pay of the experts during the next ~~xxxxx~~ years will be made in the Revenue Estimates of the Factory and recommending sanction to (i) the further continuance of the services of Mr.Votteler till the 5th November 1933 so that they may be co-terminus with the services of Mr.Grangeon, (ii) the grant of two extra passages to Mr.Votteler as originally ordered in Government Order dated 10th August 1932 read above, though he is unmarried, (iii) the experts being given 2/3rds pay for the period occupied by their return journey and (iv) to their being allowed incidental expenses at the rate of Rs.150/- each.

Order No. [illegible]

Dated Bangalore, the 17th March 1933.

Government are pleased to sanction the continuance of the services of Mr.Votteler from 15th August to 5th November 1933. As regards the two extra passages recommended for him, Government direct that the amount of one extra passage be given to him as special remuneration. The experts will be allowed 2/3rds pay during the period of their return journey and they will be given also the gratuity admissible under the agreement in lieu of leave

not taken, but Government are not however in favour of allowing the incidental expenses at Rs.150/- each for their return journey as 2/3rds pay will be given for the period of the backward journey.

The Director recommends that the total expenditure of Rs.10,400 in this connection as estimated by him for the next year may be provided under experimental grants of the Industries and Commerce Department as it will be too heavy a burden on the Silk Factory if it has to be debited to the Factory. While agreeing that the special claims incidental to the terminations of the services of the experts imposes a heavy burden on the Factory, Government are of the opinion that as the charges concern the Factory, they have to be borne by it irrespective of their effect on the profit and loss account. The Director is accordingly requested to make necessary Provisions in the next year's budget of the Factory to the extent required in respect of the items sanctioned in this order.
